ELSEVIER

Journal of the Autonomic Nervous System 59 (1996) 165–166

Journal of the
Autonomic
Nervous
System

Author Index

Ahlman, H., see Wängberg, B. (59) 133
Ahmed, M., see Sisask, G. (59) 27

Barraco, R.A., O'Leary, D.S., Ergene, E. and Scislo, T.J.
Activation of purinergic receptor subtypes in the nucleus tractus solitarius elicits specific regional vascular response patterns (59) 113
Bjurholm, A., see Sisask, G. (59) 27
Bolter, C.P., see Buller, K.M. (59) 159
Bortkiewicz, A., Gadzicka, E. and Zmyślony, M.
Heart rate variability in workers exposed to medium-frequency electromagnetic fields (59) 91
Bosisio, E., see Pagani, M. (59) 125
Buller, K.M. and Bolter, C.P.
Modification of superior cervical ganglion transmission, by changes of carotid bifurcation pressure (59) 159

Celuch, S.M., see García, M.C. (59) 17
Chai, C.Y., see Wu, W.C. (59) 1
Chen, S.Y., see Wu, W.C. (59) 1
Chen, X.H., Itoh, M., Sun, W., Miki, T. and Takeuchi, Y.
Localization of sympathetic and parasympathetic neurons innervating pancreas and spleen in the cat (59) 12

Dahlström, A., see Wängberg, B. (59) 133
De Mello, D.M.S., Freitas, C.G., Neto, J.M. and Paschoalini, M.A.
Participation of the autonomic nervous system in lipolysis induced by intraventricular injection of carbachol in the pigeon (59) 83
Deriu, F., Roatta, S., Grassi, C., Urciuoli, R., Micieli, G. and Passatore, M.
Sympathetically-induced changes in microvascular cerebral blood flow and in the morphology of its low-frequency waves (59) 66
Dixon, J.S., see Jen, P.Y.P. (59) 41

Enero, M.A., see García, M.C. (59) 17
Ergene, E., see Barraco, R.A. (59) 113

Freitas, C.G., see De Mello, D.M.S. (59) 83

Gadzicka, E., see Bortkiewicz, A. (59) 91
García, M.C., Enero, M.A. and Celuch, S.M.
Hypotensive and hypertensive effects of catecholamines intrathecally injected in anesthetized rats (59) 17
Gosling, J.A., see Jen, P.Y.P. (59) 41
Grassi, C., see Deriu, F. (59) 66

Hotta, H., see Sato, Y. (59) 151
Hsu, C.-C., see Wu, J.-J. (59) 98

Itoh, M., see Chen, X.H. (59) 12

Jen, P.Y.P., Dixon, J.S. and Gosling, J.A.
Co-localisation of tyrosine hydroxylase, nitric oxide synthase and neuropeptides in neurons of the human postnatal male pelvic ganglia (59) 41

Koeda, T., see Tsujii, Y. (59) 103
Kreicbergs, A., see Sisask, G. (59) 27
Kumazawa, T., see Tsujii, Y. (59) 103
Kuo, J.S., see Wu, W.C. (59) 1

Li, C., see Pomerantz, J.E. (59) 87
Liao, S.-Y., see Wu, J.-J. (59) 98
Liu, J.-C., see Wu, J.-J. (59) 98
Lucini, D., see Pagani, M. (59) 125

Malliani, A., see Pagani, M. (59) 125
McDonald, T.J., see Pomerantz, J.E. (59) 87
McMillen, I.C., see Simonetta, G. (59) 34
McMillen, I.C., see Simonetta, G. (59) 60
Mela, G.S., see Pagani, M. (59) 125
Micieli, G., see Deriu, F. (59) 66
Miki, T., see Chen, X.H. (59) 12
Modlin, I.M., see Wängberg, B. (59) 133
Myers, M.M., see Quigley, K.S. (59) 75

Nakayama, H., see Sato, Y. (59) 151
Nathanielsz, P.W., see Pomerantz, J.E. (59) 87
Neto, J.M., see De Mello, D.M.S. (59) 83
Nilsson, O., see Wängberg, B. (59) 133

O'Leary, D.S., see Barraco, R.A. (59) 113

Pagani, M., Lucini, D., Pizzinelli, P., Sergi, M., Bosisio, E., Mela, G.S. and Malliani, A.
Effects of aging and of chronic obstructive pulmonary disease on RR interval variability (59) 125
Papka, R.E., Thompson, B.D. and Schmidt, H.H.H.W.
Identification of uterine-related sympathetic neurons in the rat inferior mesenteric ganglion: neurotransmitter content and afferent input (59) 51
Parr, E.J. and Sharkey, K.A.
Immunohistochemically-defined subtypes of neurons in the inferior mesenteric ganglion of the guinea-pig (59) 140
Paschoalini, M.A., see De Mello, D.M.S. (59) 83
Passatore, M., see Deriu, F. (59) 66
Pizzinelli, P., see Pagani, M. (59) 125
Pomerantz, J.E., Li, C., Nathanielsz, P.W. and McDonald, T.J.
Corticotropin-releasing hormone-like axons in the adrenal glands of fetal and postnatal sheep (59) 87

Quigley, K.S., Shair, H.N. and Myers, M.M.
Parasympathetic control of heart period during early postnatal development in the rat (59) 75

Roatta, S., see Deriu, F. (59) 66

Sato, J., see Tsujii, Y. (59) 103
Sato, Y., Hotta, H., Nakayama, H. and Suzuki, H.
Sympathetic and parasympathetic regulation of the uterine blood flow and contraction in the rat (59) 151
Schmidt, H.H.H.W., see Papka, R.E. (59) 51
Scislo, T.J., see Barraco, R.A. (59) 113
Sergi, M., see Pagani, M. (59) 125
Shair, H.N., see Quigley, K.S. (59) 75
Sharkey, K.A., see Parr, E.J. (59) 140
Shih, C.-J., see Wu, J.-J. (59) 98
Simonetta, G., Young, I.R. and McMillen, I.C.
The role of the pituitary–thyroid axis in the developmental regulation of enkephalin-containing peptides in the superior cervical ganglia and adrenal of the fetal sheep (59) 34
Simonetta, G., Young, I.R. and McMillen, I.C.
Thyroxine replacement after hypophysectomy alters the pattern of enkephalin localisation in the adrenal medulla of the fetal sheep (59) 60
Sisask, G., Bjurholm, A., Ahmed, M. and Kreicbergs, A.
The development of autonomic innervation in bone and joints of the rat (59) 27
Sun, W., see Chen, X.H. (59) 12
Suzuki, H., see Sato, Y. (59) 151
Suzuki, S., see Tsujii, Y. (59) 103

Takeuchi, Y., see Chen, X.H. (59) 12
Theodorsson, E., see Wängberg, B. (59) 133
Thompson, B.D., see Papka, R.E. (59) 51
Tsujii, Y., Koeda, T., Sato, J., Suzuki, S. and Kumazawa, T.
Sympathetically induced paradoxical increases of the cutaneous blood flow in chronically inflamed rats (59) 103

Urciuoli, R., see Deriu, F. (59) 66

Wängberg, B., Nilsson, O., Theodorsson, E., Modlin, I.M., Dahlström, A. and Ahlman, H.
The effect of vagotomy on enterochromaffin-like cells in *Mastomys natalensis* (59) 133
Wu, J.-J., Hsu, C.-C., Liao, S.-Y., Liu, J.-C. and Shih, C.-J.
Contralateral temperature changes of the finger surface during video endoscopic sympathectomy for palmar hyperhidrosis (59) 98
Wu, W.C., Chen, S.Y., Kuo, J.S. and Chai, C.Y.
Glycine produced pressor responses when microinjected in the pressor areas of pons and medulla in cats (59) 1

Young, I.R., see Simonetta, G. (59) 34
Young, I.R., see Simonetta, G. (59) 60

Zmyślony, M., see Bortkiewicz, A. (59) 91
